Products

PRE TREATMENT

Special liquid to gently prepare natural eyelashes before applying extensions. Deep cleans and effectively removes natural eyelash oils and make-up residues, ensuring a perfect adhesion of the extensions.

15 ml code 70401

GLUE PRIMER

Advanced formula primer to be applied on the base of the extensions before the application. It reduces the drying time of the glue, enhancing its adhesive power. Ideal for the Volume technique, it makes the creation of fans easier. Do not apply on natural eyelashes. Store away from glue.

15 ml code 70402

REMOVER GEL

Specific solvent to quickly dissolve the glue in case of removal of the extensions. The special gel formulation and the practical container with pressure dispenser allow easy dosing of the product.

15 ml code 70415

PREMIUM GLUE

Professional fast drying glue, 3-4 sec, and high adhesive power, ideal for One to One technique. Duration 5-6 weeks. Intense black color. Waterproof.

5 ml code 70405

EXPERT GLUE

Professional glue with ultra fast drying, 1-2 sec, and very high adhesion. It is the perfect glue for Volume technique. Duration 6-7 weeks. Intense black color. Waterproof.

5 ml code 70406

FOAM SHAMPOO

Foam cleanser to gently clean extensions and natural eyelashes. With Calendula extract, it eliminates any make-up residues and keeps eyelashes soft and silky. Suitable for daily use after treatment.

50 ml code 70420
